

Digital Asset Management

Deborah Kaplan

LTS Staff Meeting

November 30, 2006

Brandeis University

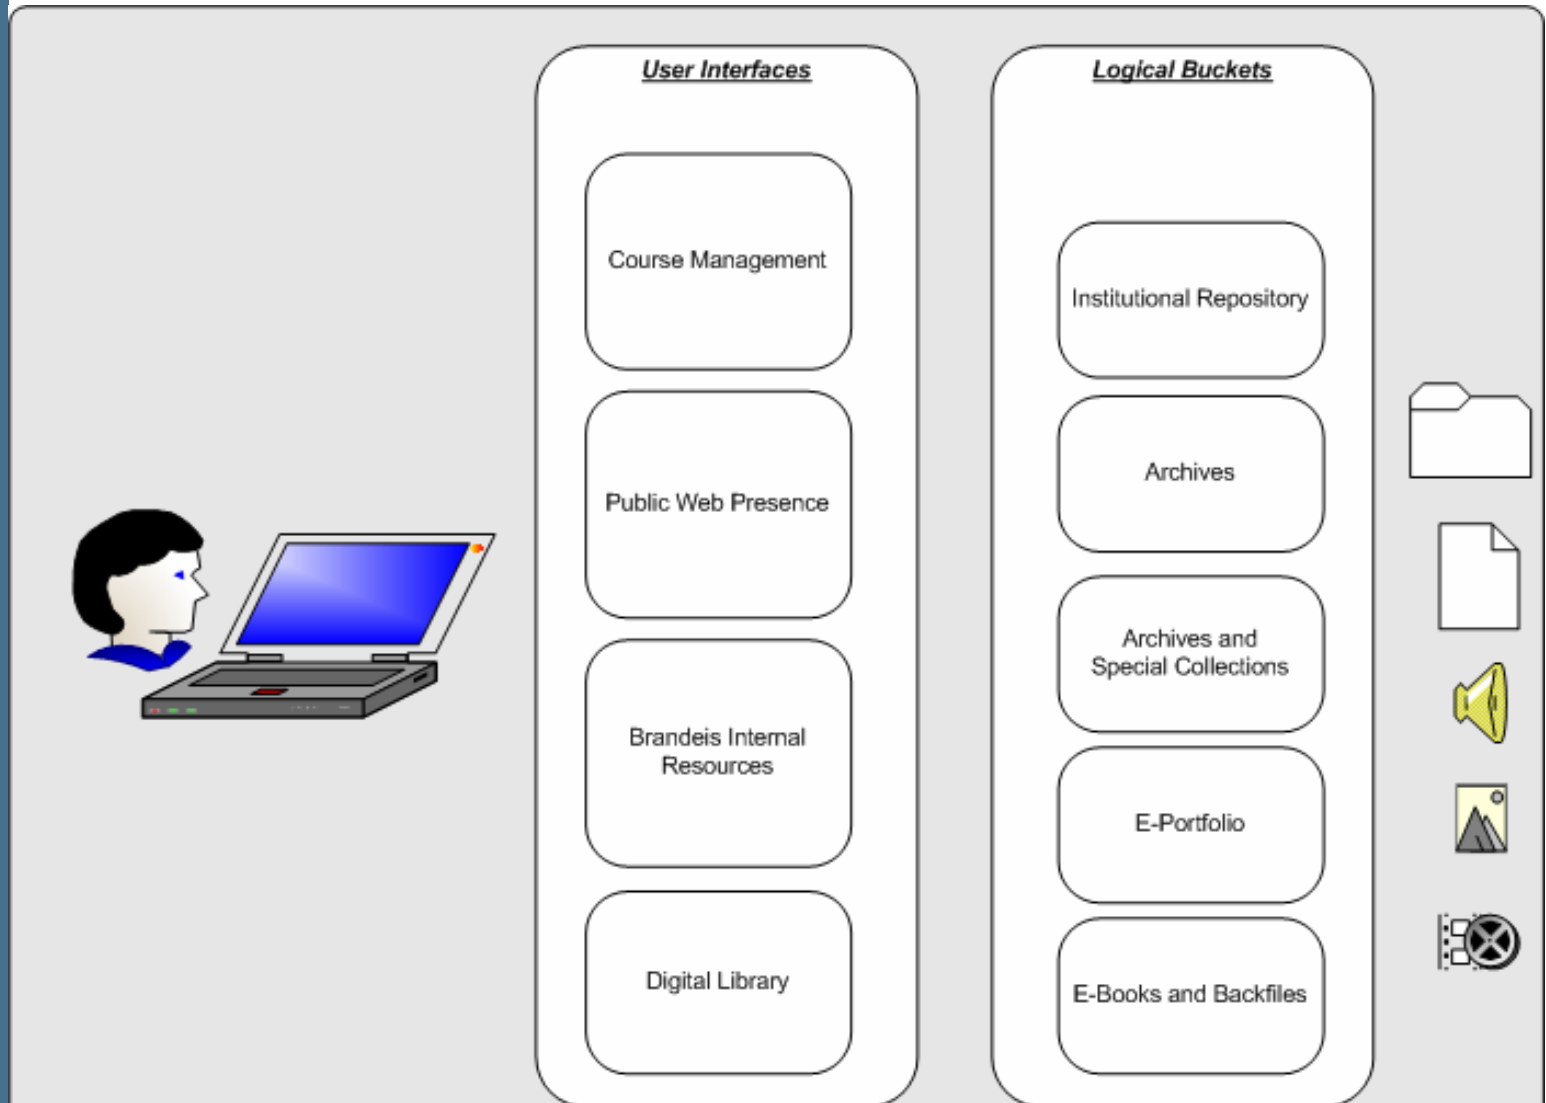

Types of university assets

- Institutional repository
- Faculty projects
- Archives & special collections
- Course management & learning objects
- E-portfolio
- Backfiles & electronic books and serials
- BLC digitization project
- And others!

Conceptual Model

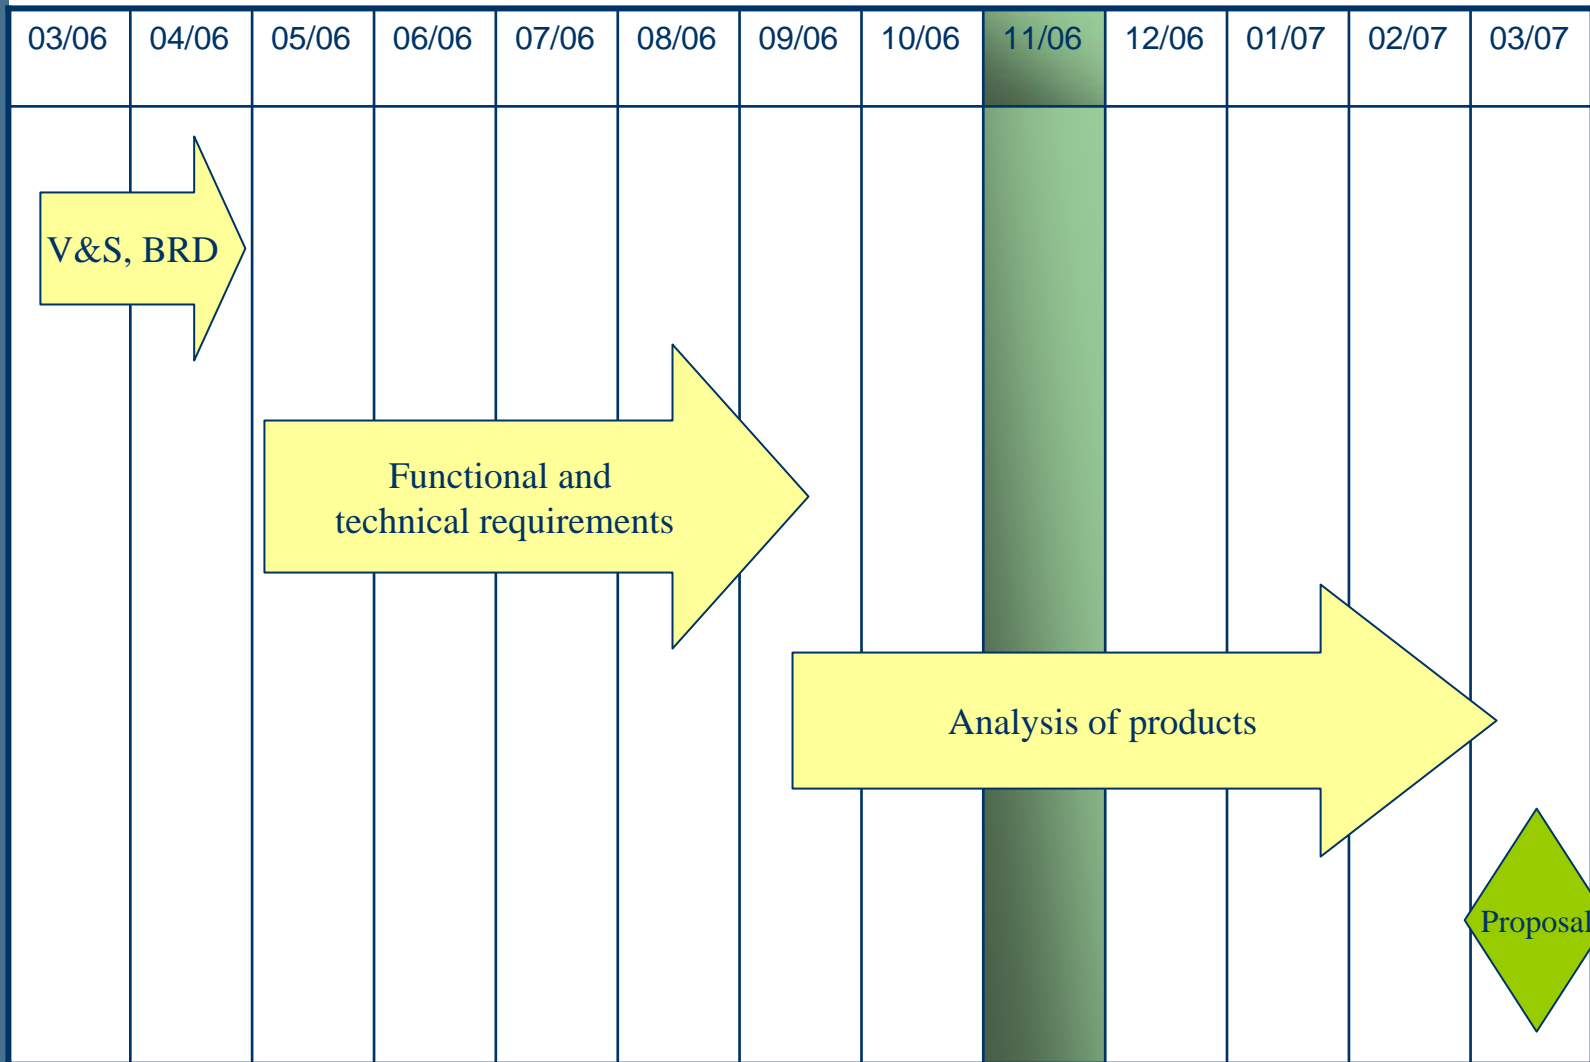

Holistic View

- Looked at project from a big-picture perspective
- Visited other universities to see how they went about things
- Spoke to stakeholders inside LTS
- Built a cross-functional LTS team
- Focused on standards-based solutions rather than proprietary solutions

Timeline

Don't forget!

- Policies
 - Workflow
 - Metadata schemas
- Supporting tools
- Priorities and Projects!
