Rabb SCS – Room 120

Dispersed view sources

1. Use the black, System Controller on top of the Credenza. Push DOWN on the cover to access the pop-up controls. They will open and expose all control features.

2. Press the PROJ ON button. Projector will take 45 seconds to warm up. **No controls will function during warm up.**

3. The current input will be displayed in the corner of the screen.

4. After the warm up period, select your preferred input using the appropriate buttons. (Buttons illuminate when active.) When you select an input, there is a seven (7) second lock out period after input selection, when you cannot jump to another source. **Any trouble? Just re-select your source after the 7 seconds.**

   - **PC/LAPTOP** will display the laptop from either input connection, in the credenza, or in the wall at the front of the classroom. It will also auto-switch between the two, defaulting to the front wall input when selected
   - **DVD/S-VIDEO** selects the DVD player, inside the credenza. The door is not currently locked.
   - **VHS/VIDEO** selects the VHS player in the same location. You may operate the video devices using controls on each unit, or with provided remotes.
   - **EXTERNAL** video/audio sources may be presented (such as a camcorder). Simply plug into one of the inputs, under the control buttons. System will auto-detect & display.

5. **PC LOGON:** **Use your UNET identification to log onto the wireless network. If using the wired network, please follow guidelines to register your laptop.**

6. The AUTOIMAGE button will let you adjust the projector to attempt proper sync with your laptop. We recommend XGA resolution (1024x768) for best results.

7. The AV MUTE button blacks out video and audio. Hit it again to return to your presentation.

Audio Controls

1. Simply hit the **AUDIO up** and **AUDIO down** buttons to control all levels.

2. The **AUDIO MUTE** button will mute all sound levels. Just hit it again to regain sound.

Playing Audio CD’s

**Audio CDs can be played through the DVD player, or possibly through your laptop’s CD drive.**

1. Insert your CD into the DVD player.

2. Press the **DVD/S-VIDEO** button.

3. Use controls on the unit or on the remote control.

When Finished

1. Press the **PROJ OFF** button. Be sure the projector begins to power off with its 90 second cool down process. **It is important to shut off the projector to save lamp life!**

2. Close the pop up control station.

3. Return remote controls to credenza storage.

4. Lock the access door to the Instructor station.

**FOR FURTHER ASSISTANCE:** CALL MEDIA TECHNOLOGY SERVICES AT EXT. 6-4632 OR EXT.6-4429.
